

National Alliance for Environmental Reform

EDUCATION FUND

Policymakers and the public do not have a clear understanding of America's environmental laws — how they're used as a tool for destructive lawsuits, the impact they have on jobs and the economy, and their effect on your family's quality of life.

NAER Education Fund is a non-profit group created to provide an accurate assessment of these laws, as well as sensible reform options.

Specifically, we'll:

1. Produce legal and legislative research to determine possible environmental reforms
2. Conduct in-depth environmental research, polling, and focus groups across the country
3. Provide findings to policymakers and the public

NAER Education Fund is a 501(c)(3) non-profit tax-exempt organization that can accept unlimited tax-deductible charitable contributions (EIN 81-0840156).
